From the Desk of Vice - Chancellor ...

Dear Readers,

The Indian fisheries sector, despite being one of the world's largest, remains largely informal, with most fishermen operating as small-scale, unregistered workers. Formalizing India's fisheries sector is essential for enhancing access to working capital finance for microenterprises by establishing digital identities, integrating them into value chains, and connecting them to government schemes. The Pradhan Mantri Matsya Kisan Samridhi Sah-Yojana (PM-MKSSY), which is a sub-scheme of the Pradhan Mantri Matsya Sampada Yojana (PMMSY), aims to address the inherent weaknesses within the fisheries sector. It intends to implement identified financial and technological interventions to facilitate institutional reforms that will support the long-term transformation of the fisheries industry.

In fact, the fisheries sector of the country is still recovering from the impacts of Covid-19, which was spread throughout the value chain, distressing the small & marginal fishermen and fish farmers. To facilitate the recovery process and rebuild better, the Department of Fisheries GoI, with the support of the World Bank, is implementing three components as part of PM-MKSSY, viz., facilitating access of microenterprises to GoI programs for working capital financing & adoption of aquaculture insurance, supporting microenterprises to improve fisheries sector value chain efficiencies, and the adoption & expansion of fish product quality & safety assurance systems. As a major milestone, TNJFU, the 'Lead Partner,' has been designated as the Verification and Monitoring Consultant (V&MC) for the World Bank-supported PM-MKSSY project titled “India: Fisheries Sector COVID-19 Response & Recovery” by the Department of Fisheries, Government of India. In order to ensure effective implementation of the project, the Consortium of the Fisheries Universities (COU) has been instituted to carry out monitoring, reporting, and verification activities from approval to disbursement of performance grants to the applicants. Under this initiative, TNJFU leads a consortium of 29 fisheries colleges across India with a project funding of ₹26.28 crores. The university, in association with the BOBP as a knowledge partner, will assist in coordination, progress reporting, and development of an implementation plan in a consultative manner. This collaboration ensures that the scheme's initiatives are effectively implemented and monitored, leveraging TNJFU's expertise and reach within the fisheries sector.

The celebrations promoted sportsmanship, teamwork, discipline, and physical fitness among students in a spirit of healthy rivalry.

Directorates

Directorate of Extension Education, Nagapattinam

Awareness Programmes

ICAR-KVK, Nagapattinam, organized an awareness programme on 2nd August 2025 for the 20th installment of the PM Kisan Samman Nidhi at KVK, Sikkal. Over 280 farmers, farm women, and youth participated.

ICAR-KVK, Nagapattinam, organized an awareness program on "Management of Rice Black Bug in Kuruvai Rice" on 8th August 2025 at KVK, Sikkal, with TNAU and Kilvelur Agricultural College. Over 60 participants learned pest control and trap installation techniques from expert Dr. M. Shanthi.

Skill Training

ICAR-KVK, Nagapattinam, conducted five-day Seabass Fish Farming training from 18–22 August 2025 for 25 farmers at KVK, Sikkal, supported by the National Fisheries Development Board. Sessions covered farming techniques, feed and water management, hatchery practices, value addition, and government schemes, with an exposure visit to Rajiv Gandhi Aquaculture Farm.

Farmers – Scientists Interaction Meeting

Farmer–Scientist Interaction on Crop Cultivation Improvement was held on 23rd August 2025 at KVK, Sikkal, under the District Collector's guidance. Dr. A. Gopalakannan, DEE i/c., inaugurated the meeting, and Dr. V. Senthilkumar delivered the keynote. Experts discussed crop management, livestock health, and entrepreneurship with over 50 participants.

Directorate of Sustainable Aquaculture, Nagapattinam

Student's visit to EBCeSA

On 22.08.2025, 30 students (20 girls, 10 boys) from the College of Fisheries Science, Muthukur, visited EBCeSA. They were oriented on TNJFU's mandate, aquaculture schemes, and demo units, with hands-on sessions on carp and induced breeding.

Kanniyakumari Parakkai CeSA

Exposure visit of students

On 15.08.2025, 30 final-year students from the College of Fisheries Science, Muthukur, visited KKPCeSA, Parakkai, as part of their curriculum. They were briefed on breeding, maintenance, and management of exotic and native freshwater ornamental fishes.

Visit of Fisheries Department staff

On 18th August 2025, 18 Inspectors of Fisheries from the Department of Fisheries and Fisherman Welfare, Government of Tamil Nadu, visited the centre. The programme aimed to familiarize staff with the centre's mandate and ongoing activities.

Theni CeSA

Training Program

Theni CeSA conducted loach fish farming training in August 2025 for 17 postgraduate students and seven farmers, covering pond construction, feeding, stocking, harvesting, and growth stage identification. Certificates were awarded to participants.

Trichy CeSA

Paid Training Program

On 18.08.2025, Trichy CeSA conducted a one-day training on “Live Feed Organisms in Ornamental Fish Culture” for two hobbyists.

Coordinated by Mrs. S. Sangavi, it included practical demonstrations on infusoria, daphnia, moina, artemia, and tubifex.

Thanjavur CeSA
Students Internship Programme

From 18.08.2025 to 28.08.2025, a 10-day internship on "Water Quality Analysis and Ornamental Fish Breeding" was held for 13 B.Sc. Biotechnology students of Bharath College of Science and Management, Thanjavur. Sessions combined lectures with practical on water analysis, fish culture, aquaponics maintenance, and breeding.

Paid Training Programme

A two-day paid training on "Aquaculture Technologies" was conducted on 29.08.2025 and 30.08.2025 with 10 participants. Topics included inland fish culture, alternative species for the culture, biofloc, aquaponics, pond construction, fisheries schemes, and financial services, with expert lectures enriching the sessions.

Mandapam CeSA
Skill Development Training

From 01–03.08.2025, MCeSA conducted a three-day training on "Clownfish Breeding Techniques," covering biology, breeding, water quality, live feed culture, and disease management, with practical demonstrations and a field visit to a breeding centre.

Directorate of Incubation and Vocational Training in Aquaculture, Muttukadu-Chennai
Celebration of sports day and college day

DIVA celebrated Sports Day and College Day on 11–12 August 2025. Inaugurated by Dr A. Uma, Director, the events featured 10 on- and off-stage competitions, including fruit carving, rangoli, solo and group performances. Winners received medals, certificates, and trophies in a seminar hall prize distribution ceremony.

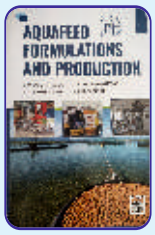
Dental Checkup Camp

PPIAT-Muttukadu organised a free dental check-up camp on 07.08.2025 for B.Voc (IA) students under the DIVA wellness initiative. Five dentists from Chettinad Dental College, guided by Dr. Jegannadhan, provided consultations on oral hygiene and preventive care.

Team of Inspector of Fisheries visit

On 15.08.2025, Inspectors of Fisheries from the Department of Fisheries and Fishermen Welfare visited DIVA, Muttukadu. Faculty showcased aqua feed production, biofloc and RAS systems, shrimp culture, aquaponics, and ornamental units, explaining advanced aquaculture operations.

Publication- Book



A book on "Aquafeed Formulations and Productions" was published by Narendra Publishing House, New Delhi, Authors E. Prabu, A. Uma, A. Monishkumar, K. N. Krishnaveni, P. Philominal with ISBN 978-93-5651-928-2. A Book for the benefit of the Aqua feed Formulators, Researchers and Students.

Directorate of Incubation and Vocational Training in Fisheries, Ramanathapuram
Seven-Day Training Program

DIVF, Ramanathapuram, organized a seven-day "Boat Driver License Certificate Course" from 18-25.08.2025 under the TNSDC Naan Mudhalvan - Vetri Nichayam scheme. Twenty-four fishermen participated, receiving practical training and guidance from DIVF faculty, staff, and students for effective learning and skill development.
